A line graph with a blue line and circular markers. A horizontal red dashed line is drawn across the graph. A vertical red line is positioned on the right side, separating a light blue background on the left from a light red background on the right. The data points are connected by a solid blue line, and each point is marked with a blue circle. The data shows significant fluctuations, with a notable peak in the light blue region and a more stable, high-level trend in the light red region.
